

REACH Statement

Swanline Print Ltd acknowledges and accepts its responsibilities under the Registration, Evaluation, Authorisation and Restriction of Chemicals Regulation (REACH) and Restrictions of Hazardous Directive (RoHS) that come into effect on 1st June 2007 and 2004 respectively.

REACH: Under the scope of REACH, all products within the European Union in Volumes amounting to one tonne per annum must be registered by the producer and importer.

Under this regulation, Swanline Print Ltd contributes to the protection of human health and the environment and understands its responsibility in managing the risks associated with the use of chemicals, while promoting the free movement of substances on the EU market.

Our suppliers have been contacted regarding the details of chemicals supplied and have been assured of their registration under the terms of REACH, and Swanline Print Ltd reviews all supplied chemicals wherever a new substance of very high concern is detailed.

RoHS: Under the scope of RoHS, Swanline Print Ltd contributes to the protection of human health and the environment and understands its responsibilities in managing the risks associated with the use of materials, while promoting the free movement of products on the EU market.

Where products covered by RoHS are integrated into packaging, Swanline Print Ltd will ensure that these are RoHS compliant. All equipment purchased for use at Swanline Print Ltd will comply with these regulations.

Disposal of equipment covered by RoHS and REACH will be in accordance with the specific requirements and recommendations.

Should you have any questions or require further information, please do not hesitate to contact us.
