

CYGNUS® HIGH WHITE

The mark of
responsible forestry
F 4

Cygnus® High White is a GC1, 200gsm virgin fibre liner with a crisp white reverse, suitable for high quality and superb visual print litho laminated packaging.

Due to its high bulk and stiffness it can also be used for greetings cards, pharmaceutical and cosmetic packaging and can be printed upon using digital, screen and flexo processes. FSC® approved and hard sized as standard, **Cygnus® High White** is fully recyclable and compostable and contains no metallic pigment.

KEY BENEFITS

Fully recyclable and compostable.

Environmentally friendly – coating does not contain any metallic pigment.

Acid free – will not tarnish or fingerprint when handled.

Double coating and single to reverse.

Suitable for litho, digital, screen and flexo print methods.
