

## **Animal Testing Policy**

Swanline Group Ltd has a clear and firm stance on the use of animal testing, which is reflected in the following three key criteria. To the best of our knowledge:

- No products manufactured or converted by Swanline Group contain animal derivatives.
- No Swanline Group products have ever been tested by us (or by agencies acting on our behalf) on animals.
- No externally sourced components or raw materials used in the production of Swanline Group products have been tested by us, our suppliers, or by agencies acting on their behalf on animals.

Signed

Chris Brown  
Managing Director
