

## Environment Policy Statement

We are committed to providing quality service while minimising our impact on the environment. To achieve this, we will:

- Integrate environmental considerations and impacts into all our decision-making processes and activities.
- Promote environmental awareness among employees and encourage them to work in an environmentally responsible manner.
- Train, educate, and inform employees about environmental issues that may affect their work.
- Reduce waste through reuse and recycling, where these alternatives are available, economical, and suitable.
- Promote the efficient use of materials and resources throughout our facility.
- Avoid unnecessary use of hazardous materials and products and take all reasonable steps to protect the environment when such materials must be used, stored, or disposed of.
- Purchase and use environmentally responsible products whenever possible.
- Communicate our environmental commitment to customers, visitors, and other stakeholders, and encourage their support.
- Strive for continual improvement of our environmental performance and minimise the social impact of our activities by periodically reviewing our environmental policy to reflect current and future plans.

Signed

Chris Brown  
Managing Director
